| <b>Greenstore TC Cylinder series - new part numbers</b> | <b>Part Number</b> |
|---|--------------------|
| Greenstore TC-150 twin coil unvented cylinder           | 7-716-842-040      |
| Greenstore TC-180 twin coil unvented cylinder           | 7-716-842-041      |
| Greenstore TC-210 twin coil unvented cylinder           | 7-716-842-042      |
| Greenstore TC-250 twin coil unvented cylinder           | 7-716-842-043      |
| Greenstore TC-300 twin coil unvented cylinder           | 7-716-842-044      |

## Worcester Light Commercial

| GB162 Boilers                                     | Part Number   |
|---|---------------|
| Worcester GB162 65kW Wall hung condensing boiler  | 7-746-900-822 |
| Worcester GB162 80kW Wall hung condensing boiler  | 8-747-024-8   |
| Worcester GB162 100kW Wall hung condensing boiler | 8-747-025-0   |

| LPG Conversion Kits                        | Part Number   |
|--|---------------|
| GB162 - 65kW 3P LPG Conversion Kit         | 7-746-901-190 |
| GB162 - 80 and 100kW 3P LPG Conversion Kit | 8-718-601-980 |

| Single Boiler Controls   | Part Number   |
|--|---------------|
| RC35 digital boiler control and programmer for GB162, GB312 and GB402 (Inc sensor) | 7-747-312-318 |
| Domestic hot water sensor set for use with RC35                                    | 5-991-387     |
| WM10 low loss header module and 1 HC for use with RC35 for GB162, GB312 and GB402  | 3-000-845-8   |
| MM10 mixed heating circuit module for use with RC35 for GB162, GB312 and GB402     | 3-000-845-3   |
| SM10 solar module for use with RC35 for GB162, GB312 and GB402                     | 3-000-844-8   |
| RC25 room thermostat and remote heating circuit controller for use with RC35       | 7-747-312-367 |
| EM10 BMS interface and fault signal module for GB162, GB312 and GB402              | 5-016-995     |

| Single or Multiple Boiler Controls  | Part Number   |
|---|---------------|
| MCM10 sequencing control for up to 4 boilers for GB162, GB312 and GB402                       | 7-746-900-847 |
| 4121 modular digital wall mounted control unit (1 free module slot)                           | 3-000-891-9   |
| 4122 modular digital wall mounted control unit without programmer (MEC) (2 free module slots) | 3-000-907-8   |
| 4122 modular digital wall mounted control unit with programmer (MEC) (2 free module slots)    | 3-000-893-4   |
| 4323 modular digital wall mounted control unit (4 free module slots)                          | 7-747-310-525 |
| FM441 module for 1 HC and DHW   | 3-000-485-0   |
| FM442 module for 2 HC   | 3-000-486-7   |
| FM443 solar module  | 7-747-300-910 |
| FM444 module for control of alternative heat source (eg Biomass boiler, CHP)                  | 7-747-310-196 |
| FM448 fault message module  | 3-000-606-2   |
| FM456 Two boiler cascade sequence module  | 3-000-904-3   |
| FM457 Four boiler cascade sequence module   | 3-000-905-7   |
| FM458 Four boiler cascade sequence module for use with 4321 controller                        | 7-747-310-211 |
| BFU room thermostat and remote heating circuit controller for use with 4000 series controls   | 3-000-224-3   |
| FV/FZ temperature sensor set  | 5-991-376     |

| GB162 Cascade Frames, Pump Groups, Low Loss Headers | Part Number   |
|---|---------------|
| TL1 Boiler Mounting Frame c/w Insul LLH             | 7-114-060     |
| TL1 Boiler Mounting Frame without LLH               | 7-747-201-425 |
| TL2 Boiler Cascade Kit c/w Insul LLH                | 7-114-064     |
| TL2 Boiler Cascade Kit without LLH                  | 7-747-201-426 |
| TL3 Boiler Cascade Kit c/w Insul LLH                | 7-114-068     |

| <b>GB162 Cascade Frames, Pump Groups, Low Loss Headers</b>        | <b>Part Number</b> |
|---|--------------------|
| TL3 Boiler Cascade Kit without LLH                                | 7-747-201-427      |
| TL4 Boiler Cascade Kit c/w Insul LLH                              | 7-114-072          |
| TL4 Boiler Cascade Kit without LLH                                | 7-747-201-428      |
| TL5 Boiler Cascade Kit c/w Insul LLH                              | 7-114-930          |
| TL5 Boiler Cascade Kit without LLH                                | 7-747-201-429      |
| TL6 Boiler Cascade Kit c/w Insul LLH                              | 7-114-932          |
| TL6 Boiler Cascade Kit without LLH                                | 7-747-201-430      |
| TL7 Boiler Cascade Kit c/w Insul LLH                              | 7-114-934          |
| TL7 Boiler Cascade Kit without LLH                                | 7-747-201-431      |
| TL8 Boiler Cascade Kit c/w Insul LLH                              | 7-114-936          |
| TL8 Boiler Cascade Kit without LLH                                | 7-747-201-432      |
| TR2 Boiler Cascade Kit c/w Insul LLH                              | 7-114-900          |
| TR2 Boiler Cascade Kit without LLH                                | 7-747-201-433      |
| TR3 Boiler Cascade Kit c/w Insul LLH                              | 7-114-902          |
| TR3 Boiler Cascade Kit without LLH                                | 7-747-201-434      |
| TR4 Boiler Cascade Kit c/w Insul LLH                              | 7-114-076          |
| TR4 Boiler Cascade Kit without LLH                                | 7-747-201-459      |
| TR5 Boiler Cascade Kit c/w Insul LLH                              | 7-114-904          |
| TR5 Boiler Cascade Kit without LLH                                | 7-747-201-435      |
| TR6 Boiler Cascade Kit c/w Insul LLH                              | 7-114-906          |
| TR6 Boiler Cascade Kit without LLH                                | 7-747-201-436      |
| TR7 Boiler Cascade Kit c/w Insul LLH                              | 7-114-908          |
| TR7 Boiler Cascade Kit without LLH                                | 7-747-201-437      |
| TR8 Boiler Cascade Kit c/w Insul LLH                              | 7-114-910          |
| TR8 Boiler Cascade Kit without LLH                                | 7-747-201-438      |
| Modulating Pump Group GB162                                       | 7-746-901-863      |
| Sensor pocket R 1/2" 100mm required with every TL/TR              | 5-446-142          |
| Connection set (required when a pump group is used without TL/TR) | 5-584-552          |
| Low Loss Header for single boiler with insulation                 | 8-920-097-2        |

| <b>GB162 65kW Flue Accessories</b>                   | <b>Part Number</b> |
|--|--------------------|
| 80/125mm Vertical flue kit for GB162                 | 7-716-191-115      |
| 80/125mm Horizontal flue kit for GB162               | 7-716-191-116      |
| 80/125mm 0.5m extension for GB162                    | 7-716-191-117      |
| 80/125mm 1m extension for GB162                      | 7-716-191-118      |
| 80/125mm 87-90° bend for GB162                       | 7-716-191-119      |
| 80/125mm Two 45° bends for GB162                     | 7-716-191-120      |
| 80/125mm Wall brackets (box of 3) for GB162          | T-000-082-131      |
| 80/125mm Flat roof flashing for vertical flue kit    | 7-716-191-090      |
| 80/125mm Pitched roof flashing for vertical flue kit | 7-716-191-091      |
| Adaptor Set (GB162 kW only)                          | 7-746-901-750      |

| <b>GB162 80/100kW Flue Accessories<br/>(GB162 65kW with adapter)</b> | <b>Part Number</b> |
